- > Mobile-first responsive layouts
- > Reusable components
- > Clean visual hierarchy
- > Fast learning and ownership

ABOUT ME

Creative and detail-oriented UI Developer with 3+ years of experience building responsive, visually engaging, and user-focused websites. Skilled in React.js, Next.js, Tailwind CSS, Bootstrap, Ant Design, Material UI, SCSS, and Figma. I transform ideas and designs into smooth, functional, polished digital experiences that stay consistent across screen sizes and align with product goals.

WORK EXPERIENCE

UI DEVELOPER

Suffesscom solution / 24 October 2024 - Present

- > Designing responsive, modern web interfaces with focus on clean UI and UX.
- > Creating interactive React components using Tailwind CSS and component architecture.
- > Converting Figma designs into polished responsive pages for production projects.
- > Improving spacing, typography, visual consistency, and component behavior across devices.
- > Building UI sections for dashboards, landing pages, auth screens, and product flows.

UI DEVELOPER

Henceforth Solution / 14 January 2023 - 30 August 2024

- > Developed React applications with reusable components and maintainable patterns.
- > Built responsive interfaces using JavaScript, CSS, Bootstrap, and Tailwind CSS.
- > Worked with design and development teams to deliver accurate UI implementations.
- > Handled cross-browser layout fixes, mobile responsiveness, and UI improvements.
- > Created clean pages and UI modules for business websites, app interfaces, and admin screens.

UI FOCUS AREAS

- > Turning Figma or visual references into accurate responsive pages.
- > Creating reusable UI sections, cards, forms, navigation, and dashboard components.
- > Improving mobile layouts so content stays readable and actions remain easy to use.
- > Using Tailwind CSS, SCSS, Bootstrap, Ant Design, and Material UI based on project needs.

PROJECTS
